INCLUDES 24" TARGET AND PICK-UP WAND

Target is mounted to the play structure with mounting straps (included)

Vacuum line attaches to rear of target to convey dirty balls to the Hygienic Ballwasher

Kids throw balls into the target during play hours

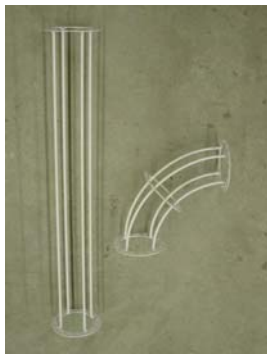

or

For after hours rapid clean up, attach pick-up wand with flexline adapter to the face of the target.

EXTRA COMPONENTS FOR CUSTOMIZED SYSTEMS

Should you want to expand your system (now or later) for greater height or distance ball movement i.e., to extend over the food area or some other play feature, you can add standard air conveyance components, some are shown below, thus creating a custom system for your unique fun center. We will be glad to help you with your design — just give us a call.

OPEN-TRACK COMPONENTS

HARD CLEAR TUBE COMPONENTS

FLEXLINE

INTERFACE COMPONENTS FOR CONNECTING DISSIMILAR LINES

HANGERS, RODS, CLAMPS, COUPLINGS, BRACKETS
